To the students of Pebblebrook High School:

It is with great pleasure that we present this, your 1967 Aplomado. Its pages represent much thinking and planning on the part of the entire staff. Upon these pages we have tried to portray, with pictures and words, a brief history of this school year.

You may recall many pleasant memories as you turn the pages of this "history" book.

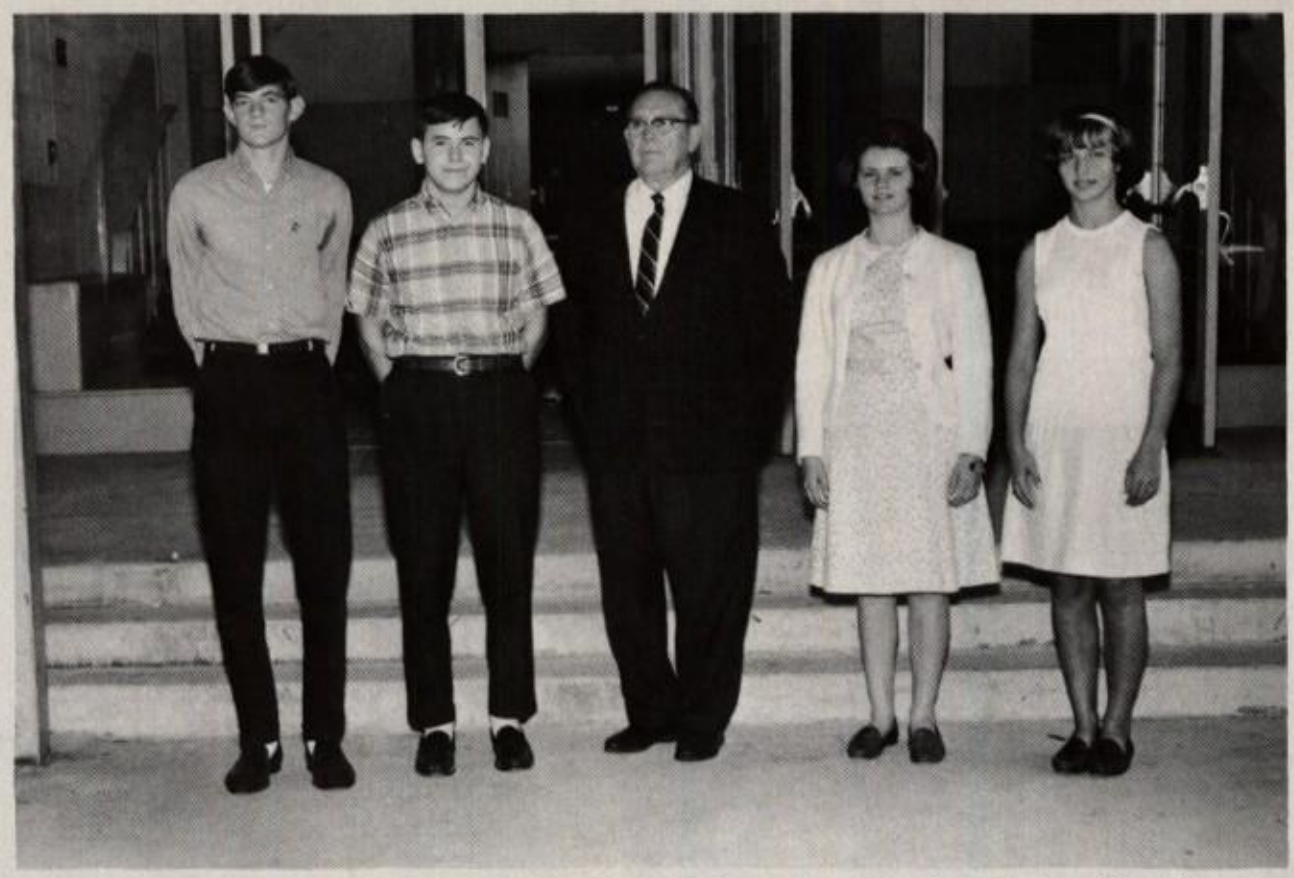
On these two pages the Aplomado Staff features those to whom credit should be given for our senior high school. They have worked since Pebblebrook was first a junior high school in '63-64.. and '64-65. A transition period came in '65-66 when Pebblebrook High had its first class of juniors. Now, May 1967, will record the first graduating class.

DEDICATION



Mr. O.L. Parker, Pebblebrook's first principal, with the first senior officers: President, H.D. Williams, Vice-President, David Cheek, Secretary, Susan Bone, and Treasurer, Deana Wood.

In four years, Pebblebrook has grown from a junior high school to a full fledged senior high school. Now that the school is graduating its first senior class, it is fitting that this annual be dedicated to the man who has given direction and purpose to this school over these years. He has been responsible for the complete operation of the school, the supervision of the faculty, and for the actions of the student body. He is respected by parents, teachers, and students for both his firm discipline and his understanding of the needs of the school. It is with sincere appreciation that the students and faculty of Pebblebrook High School dedicate this annual to their principal, Mr. O.L. Parker.

The Optimist Creed

Promise Yourself –

To be so strong that nothing can disturb your peace of mind.

To talk health, happiness and prosperity to every person you meet.

To make all your friends feel that there is something in them.

To look at the sunny side of everything and make your optimism come true.

To think only of the best, to work only for the best and expect only the best.

To be just as enthusiastic about the success of others as you are about your own.

To forget the mistakes of the past and press on to the greater achievements of the future.

To wear a cheerful countenance at all times and give every living creature you meet a smile.

To give so much time to the improvement of yourself that you have no time to criticize others.

To be too large for worry, too noble for anger, too strong for fear, and too happy to permit the presence of trouble.

Another test is on the way.

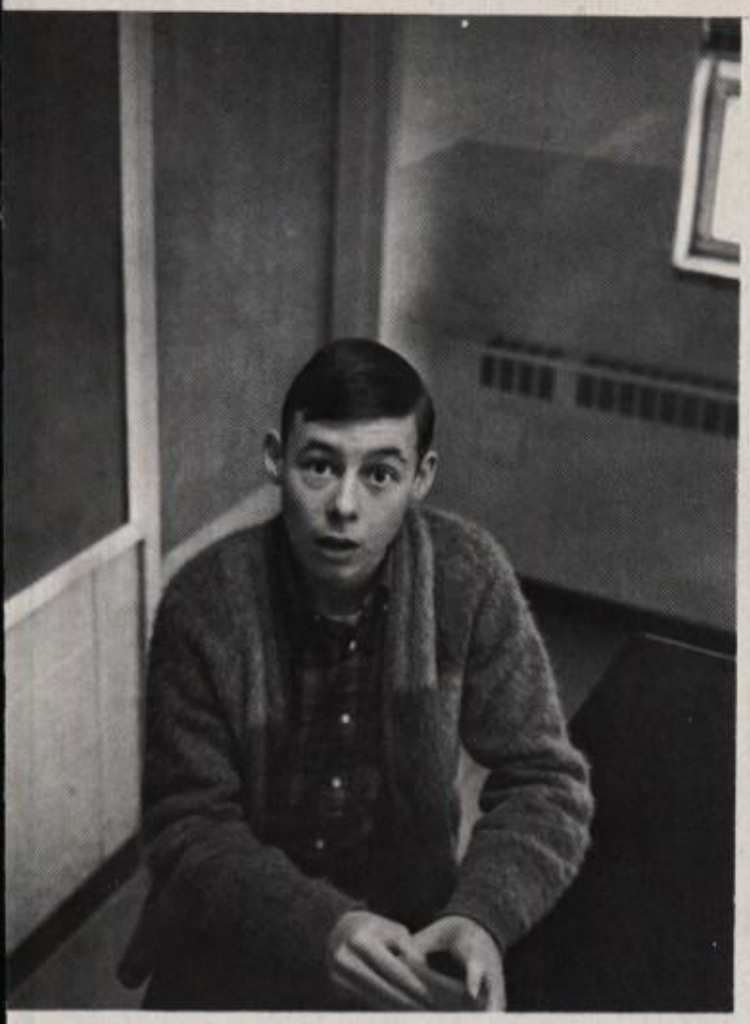
All work and no play makes Carter a dull boy.

"I'm not sure. I think it was that seed he dropped between the tiles."

I don't care if it is cold-it's better than proving triangles congruent.

"If Mr. Ross only knew."

"It came from beneath the sea."

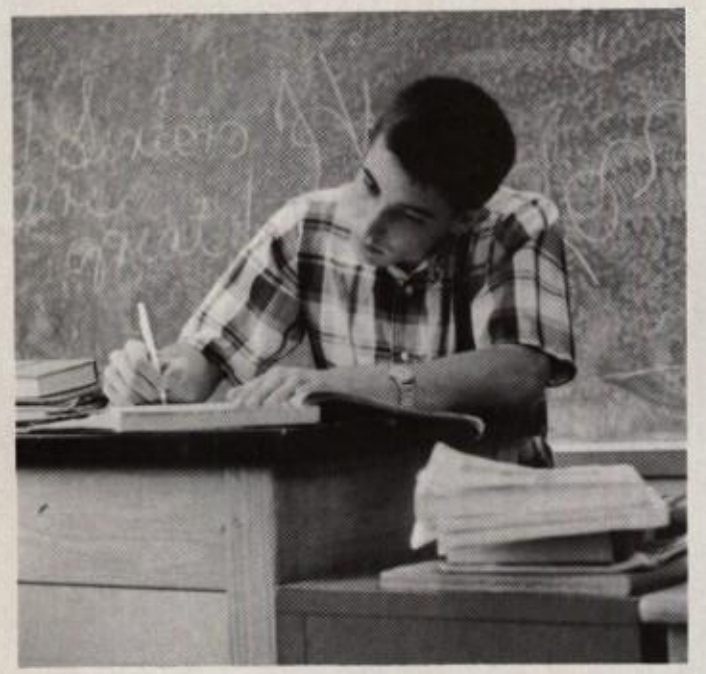


"A-ha! Caught with the cards."

"What's the matter? Ya wanna fat lip?"

$E = MC^2$ or is it $C = M^2E$? Or maybe it's $2E = CM$?

Diligent shorthand students get to use lab on a test.



Guess who's cheating on the "make-up" test?
